BIBLE READING PLAN

There are not words lofty enough in the English language to describe the Scriptures. The Bible is the only perfect thing on earth, and if the Christian soul is a stomach, the Bible is a feast. It's how we know God, how He speaks to us, and the conduit through which his power is released into our lives. In the words of Charles Spurgeon, nobody ever outgrows Scripture; the book widens and deepens with years. A Bible that's falling apart usually belongs to someone who isn't. Christians should visit many good books, but live in the beautifully wrecking Bible.

Toward that end, one of the central focuses of our church body's life this year is to saturate ourselves richly in the rich Scriptures. This is a daily reading plan that will take us through the New Testament, Psalms, and Proverbs in a year. Together, let's Read The Book.
